Fair Ways Vision, Mission and Values

Our vision
To build an institution that makes a difference to society and leaves a legacy greater than ourselves and our contributions.

Our mission
Making a difference through passionate care, support and education.

Our values
As a charity we measure our wealth by the difference we make, rather than any profit.

We believe that by embodying a culture in which every individual is valued for their own contribution, we can develop them and harness their potential, so that they may achieve great things.

Our values form the heart of the work we do, defined by Fair Ways people, for Fair Ways people. These are the values by which we operate, by which we are governed, and to which we are held accountable.

We therefore expect every individual within the organisation to play their part:

1 Introduction

1.1 This policy is carried out within the context and spirit of the school’s vision for outstanding. It supports and reinforces the aims of Fair Ways School, to support young people with social, emotional and mental health needs and young people with autism.
