# **Fair Ways Education Pupil Premium 2020 - 2021**

Within Fair Ways Education we have high aspirations, expectations and ambitions for all of the young people that attend our schools despite the vast amount of disadvantages they have faced throughout their life journey before arriving to our school and that no child should be left behind. Fair Ways Education strongly believes that it's not about where you come from or the challenges you face but your passion and commitment to learning that makes a sense of success or failure and we are determined to ensure that all of our children are given the opportunities to reach their full potential.
