3 Introduction to Outreach

The Fair Ways Outreach Service are a committed team who provide high quality, bespoke support and care to individuals and their families either within the family home or in the local community.

We understand the need for and importance of providing care and support to enable individuals to carry out every day personal care tasks and how vital this is to keep families together. We work together with multi agency partners to support individuals to achieve their goals. The best outcomes for individuals and their families are when the support workers fit into the lives of the families. Support workers build a professional and friendly rapport with all the immediate family so that the care feels supportive and natural. Allowing families to be families.

The Outreach Service provides support to individuals enabling them to access community activities, this prevents social exclusion and at the same time provides families with some much-needed short breaks.

The Outreach Service also provides support to individuals within educational settings to ensure they can access school in a safe and supportive environment. The Outreach staff collaborate with school staff to meet education targets, qualifications and enables individuals to work towards their individual education plans.

Our supported living service provides bespoke care to individuals who hold their own tenancy with a housing provider and require personal care and support to live independently. Individuals are fully involved with their multi-disciplinary team in designing their support and developing support plans which set out how we will work with them and enable them to achieve their goals. Alongside care we promote access to meaningful day time activities including opportunities for education and work where appropriate.

Fair Ways has a full complaints and compliments policy including an easy read version. A copy is provided at the start of a new package and can be requested at any time. It provides information on the right to refer a complaint to the Care Quality Commission (CQC) and to commissioning authorities.

What is a compliment and what do we do with them?

A compliment includes any verbal or written praise made by anyone about Fair Ways. Compliments will be recorded by the member of staff receiving the compliment and be passed to the appropriate manager for recording on the Compliments Register. Any

member of staff identified as being the subject or contributing to any matter giving rise to the compliment will be notified within five working days. Feedback on compliments will be shared with employees at appropriate timings and shared with the organization to maximize learning across the team and wider organization.

What is a complaint?

A complaint is an expression of dissatisfaction, whether justified or not. Fair Ways could receive complaints from individuals within our care, schools, parents, friends, doctors, social workers, foster carers, other professionals, or members of the public. Complaints could be about individual staff members, a particular Fair Ways department or the company.

The Principles of the Complaints Procedure

- The welfare of the individual is paramount.
- Any concern about the quality of care/support must be fully explored.
- Investigations should be thorough, timely and consistent.
- All parties should be treated with dignity and respect.
- The investigation should be at the lowest level possible and conducted in a timely manner.
- All staff and individuals will be supported and treated fairly.
- Staff will have an opportunity to respond to concerns.

Recording of Complaints

Fair Ways will log all complaints received so that we can monitor the types of problems, the best way to resolve them and how long we are taking to deal with them. This also helps us to take a closer look at how we can improve our own service delivery. All complaints will be managed in line with data protection legislation. All departments should keep a log of any complaint concerning them and forward the details to the HR department who will log ALL complaints centrally.
